### Sensory Room

The sensory room at Blacon Children’s Centre is equipped with soft play, offering a calming and soothing space for babies and toddlers alike to explore and interact with their environment through light and sound.

Families registered at the children’s centre can book the sensory room for a free hourly session. Please speak to reception staff or telephone the centre.
What is a Children's Centre

Children's Centres provide a wide range of services for prospective parents, children and their families. We aim to improve the lives of children and their parents by bringing together early childhood services in the heart of the community.

Open Advice Drop

We welcome you to attend the sessions for advice and support and information regarding the health and well-being of your baby/child. We are also able to weigh and measure your baby/child and review their growth.

There is no need to book an appointment but we would advise that you arrive at least 15 minutes before the end of the session to ensure we have adequate time to offer you suitable support.

Let's Play

Looking for something fun to do with your child? Our main centres run a weekly ‘Let’s Play’ session for all children aged 0-5.

Play Day Specials

Play Days offer a fun and exciting opportunity for children to play and explore through a variety of seasonal themed sessions. These sessions are held at link centres for children aged 0-5.

Early Years Group

These groups are run by Early Years Workers and support your child's development and you as a parent/carer to be your child's first educator. The group gives you the opportunity to learn new skills and develop new ideas to support your child's development and you as a parent.

Breastfeeding Support Group

Breastfeeding support groups are great places to make new friends and share the ups and downs of looking after a new baby. Helping mothers to reach their breastfeeding goals.

Antenatal Clinic (NHS Midwifery Service)

The local hospital midwifery team offer care throughout pregnancy and after your baby is born. Community midwives look after newly pregnant ladies and mums at their local Healthy antenatal clinics.

Families registered at the children’s centre can book in advance for a free hourly session. Sensory rooms are available at Blacon Children’s Centre.

Speech and Language

Do you want to know how you can help your child’s speech and language development? The drop-in sessions are held at the children’s centre. The sessions are free and open to all parents whose child is 0-5.

For more information or to register, speak to any member of our Children’s Centre Staff.

The information in this timetable was last updated on 28/03/2019.

Please note that Venues, Times and Date are all subject to change. Please contact your local Children’s Centre for advice.
