Sensory Room

The sensory room at Lache Children's Centre is equipped with soft play, offering a calming and soothing space for babies and toddlers alike to explore and interact with their environment through light and sound.

Families registered at the children's centre can book the sensory room for a free hourly session. Please speak to reception staff or telephone the centre.

What is a Children's Centre

Children's Centres provide a wide range of services for prospective parents, children and their families. We aim to improve the lives of children and their parents by bringing together early childhood services in the heart of the community.

Open Advice Drop-in

We welcome you to attend the sessions for advice support and information regarding the health well-being and development of your baby/child. We are also able to weigh and measure your baby/child and review their growth. Please call the Children's Centre to book an appointment.

Let's Play

Looking for something fun to do with your child? Our main centres run a weekly 'Let's Play' session for all children aged 0-5.

Play Day Specials

Play-Days offer a fun and exciting opportunity for children to play and explore through a variety of seasonal themed sessions. These sessions are held at link centres for children aged 0-5.

Early Years Group

These groups are run by Early Years Workers and support your child's development and you as a parent/carer to be your child's first educator. The group gives opportunity to learn new skills and develop new knowledge in how you can support your child's learning and development through daily interactions and play with your little one.

Breastfeeding Support Group

Breastfeeding support groups are great places to make new friends and share the ups and downs of looking after a new baby. Helping mothers to reach their breastfeeding goals.

Antenatal Clinic (NHS Midwifery Service)

The local hospital midwifery team offer care throughout pregnancy and after your baby is born. Community midwives look after newly pregnant ladies and mums up to a month after baby is born.

Two Year Old Funding

Two year olds who live in Cheshire West and Cheshire may be eligible for 15 hours free childcare per week which adds up to 570 hours per year. You can check if you are eligible by visiting:
www.cheshirewestandchester.gov.uk/2yearoldplaces

Sensory Room

The sensory rooms are equipped with soft play, offering a calming and soothing space for babies and toddlers alike to explore and interact with their environment through light and sound. Families registered at the children's centre can book in advance for a free hourly session. Sensory room available at Lache Children's Centre.

Speech and Language

Do you want to know how you can help your child's speech and language development?..The drop in sessions are for you to meet with the Speech and Language Team to share any concerns regarding your child's speech and language development and gain advice on how best to support your child.

Incredible Years Parenting Group

Our Incredible Years Parenting Programme uses coaching based theory to facilitate parents to learn from each other's experiences and realise they are not alone with any possible parenting frustrations and or difficulties. The research-based parenting programme focuses on the behaviour's children display and empowers parents to feel better prepared to understand, cope and manage both current behaviours and those that may arise in the future.

Baby and You

Baby and You is a 5 week programme of informative and fun sessions that will support you and your baby along your journey as a new parent. Each of the sessions will be delivered by a range of Starting Well healthcare professionals with lots of specialist experience in working with children.

For more information or to register, speak to any member of our Children's Centre Staff.
